

# MICRO-TOUCH<sup>®</sup> DENTA-GLOVE<sup>®</sup> Blue Nitrile

DENTA-GLOVE<sup>®</sup> Series

## Nitrile, powder-free blue examination glove with ergonomic design for extra comfort

This non-sterile, blue nitrile examination glove delivers the ultimate fit and comfort. Designed with ERGOFORM technology, this glove helps reduce muscle effort that can cause stress on joints, ligaments and tendons. Durable enough for rugged donning while providing great tactile sensitivity and grip for fine, detailed procedures.

### KEY FEATURES AND BENEFITS:

- Innovative film technology provides comfort and fit
- Robust strength helps avoid rips and tears while donning and inner polymer coating facilitates ease of donning
- This blue exam glove offers textured finger surfaces provide a secure grip on instruments in wet or dry conditions
- Tested Safe for Oral Examination, ensuring that the glove is safe for patient contact

### Recommended For

- Enhanced tactile sensitivity and dexterity, especially for delicate procedures
- Extra comfort during long, sustained procedures
- Protection from Type I latex allergy in HCW's or patients
- Oral examinations
- Standard, moderate risk examination procedures

### FEATURED TECHNOLOGIES

## MICRO-TOUCH<sup>®</sup> Everyday, Everywhere Protection

MICRO-TOUCH<sup>®</sup> premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
