## Safety Data Sheet according to WHS Regulations

Printing date 23.09.2019

Version number 4

Revision: 23.09.2019

Hazardous according to criteria of Australian Safety and Compensation Council.

### **1** Identification

#### · Product identifier

- Trade name: Solare X
- *Relevant identified uses of the substance or mixture and uses advised against No further relevant information available.*
- · Application of the substance / the mixture Auxillary for dental technology
- Details of the supplier of the safety data sheet
  Manufacturer/Supplier: GC Australasia Dental Pty Ltd
  1753 Botany Road Banksmeadow, NSW 2019 Tel: +61 2 9301 8200
- Further information obtainable from: Regulatory affairs
- Emergency telephone number: 24 hours Emergency: 13 11 26.

### 2 Hazard(s) Identification

#### · Classification of the substance or mixture

Acute Tox. 4 H302 Harmful if swallowed.

Acute Tox. 3 H331 Toxic if inhaled.

Skin Irrit. 2 H315 Causes skin irritation.

*Eye Irrit.* 2*A* H319 *Causes serious eye irritation.* 

Skin Sens. 1 H317 May cause an allergic skin reaction.

#### · Label elements

#### · GHS label elements

Exempt from requirements - product regulated as a medical device or an in vitro diagnostic medical device. The product is classified and labelled according to the Globally Harmonised System (GHS). • Hazard pictograms

· Signal word Danger

• Hazard-determining components of labelling: Ytterbium trifluoride Urethane Dimethacrylate (UDMA) (octahydro-4,7-methano-1H-indenediyl)bis(methylene) bismethacrylate

• Hazard statements Harmful if swallowed. Toxic if inhaled.

(Contd. on page 2)

<sup>–</sup> ÁU

Printing date 23.09.2019

Version number 4

Revision: 23.09.2019

Trade name: Solare X

(Contd. of page 1) Causes skin irritation. Causes serious eye irritation. May cause an allergic skin reaction. • **Precautionary statements** Avoid breathing dust/fume/gas/mist/vapours/spray. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves / eye protection / face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations. • Other hazards • Results of PBT and vPvB assessment

- *PBT:* Not applicable.
- **vPvB:** Not applicable.

### 3 Composition and Information on Ingredients

#### · Chemical characterisation: Mixtures

· Description:

Only substances required to be mentioned according to Annex II of regulation 1907/2006 are listed. Information on the other substances that may be present can be obtained upon request.

· Dangerous		
72869-86-4	Urethane Dimethacrylate (UDMA)	10-<25%
	Skin Sens. 1, H317	
43048-08-4	(octahydro-4,7-methano-1H-indenediyl)bis(methylene) bismethacrylate	≥10-<20%
	Skin Irrit. 2, H315; Eye Irrit. 2A, H319; Skin Sens. 1, H317; STOT SE 3, H335	1
13760-80-0	Ytterbium trifluoride	5-<10%
	Acute Tox. 3, H301; Acute Tox. 3, H311; Acute Tox. 3, H331	
· Additional i	<i>nformation:</i> For the wording of the listed hazard phrases refer to section 16.	

### 4 First Aid Measures

#### · Description of first aid measures

• General information:

*Immediately remove any clothing soiled by the product. If symptoms persist consult doctor.* 

• After inhalation:

Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist. Do not use mouth to mouth or mouth to nose resuscitation. Take affected persons into fresh air and keep quiet.

• After skin contact:

Immediately wash with water and soap and rinse thoroughly.

Seek medical treatment.

If skin irritation continues, consult a doctor.

· After eye contact:

Protect unharmed eye.

Rinse opened eye for several minutes under running water. Then consult a doctor.

(Contd. on page 3)

AU

Printing date 23.09.2019

Version number 4

Revision: 23.09.2019

(Contd. of page 2)

Trade name: Solare X

• After swallowing:

Do not induce vomiting; call for medical help immediately.

Rinse out mouth and then drink plenty of water.

• Information for doctor:

• Most important symptoms and effects, both acute and delayed Allergic reactions

Indication of any immediate medical attention and special treatment needed

No further relevant information available.

### **5 Fire Fighting Measures**

- Extinguishing media
- · Suitable extinguishing agents:

*CO2*, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Use fire extinguishing methods suitable to surrounding conditions.

· For safety reasons unsuitable extinguishing agents: Water with full jet

• Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire. No further relevant information available.

- · Advice for firefighters
- Protective equipment: Wear self-contained respiratory protective device.
- · Additional information

Dispose of fire debris and contaminated fire fighting water in accordance with official regulations.

### 6 Accidental Release Measures

• Personal precautions, protective equipment and emergency procedures

*Remove persons from danger area. Avoid contact with the eves and skin.* 

*Wear protective clothing.* 

• Environmental precautions:

Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. Do not allow to penetrate the ground/soil.

In case of seepage into the ground inform responsible authorities. • Methods and material for containment and cleaning up:

- Absorb liquid components with liquid-binding material. Dispose of the material collected according to regulations.
- **Reference to other sections** See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

### 7 Handling and Storage

· Handling:

- Precautions for safe handling
- Ensure good ventilation/exhaustion at the workplace.
- Prevent formation of aerosols.

Avoid contact with the eyes and skin.

· Information about fire - and explosion protection: No special measures required.

(Contd. on page 4)

AU

Printing date 23.09.2019

Version number 4

Revision: 23.09.2019

Trade name: Solare X

(Contd. of page 3)

- · Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles: Store only in unopened original receptacles.
- · Information about storage in one common storage facility: Store away from foodstuffs.
- · Further information about storage conditions: None.
- Specific end use(s) No further relevant information available.

#### 8 Exposure controls and personal protection

- · Additional information about design of technical facilities: No further data; see item 7.
- · Control parameters
- · Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

• Additional information: The lists valid during the making were used as basis.

#### · Exposure controls

- · Personal protective equipment:
- · General protective and hygienic measures:
- The usual precautionary measures are to be adhered to when handling chemicals.
- Avoid contact with the eyes and skin.
- Wash hands before breaks and at the end of work.
- Immediately remove all soiled and contaminated clothing
- Respiratory protection: Suitable respiratory protective device recommended.
- · Protection of hands:

Protective gloves

#### · Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• Eye protection:

Tightly sealed goggles

### 9 Physical and Chemical Properties

- Information on basic physical and chemical properties
- General Information
- · Appearance: Form:
  - Colour:

Pasty According to product specification

Organic solvents:	0.0 %	
VOC (EC)	0.0 g/l	
Other information	No further relevant information available.	

# 10 Stability and Reactivity

• *Reactivity* No further relevant information available.

· Chemical stability

• Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

· Possibility of hazardous reactions No dangerous reactions known.

• Conditions to avoid No further relevant information available.

· Incompatible materials: No further relevant information available.

· Hazardous decomposition products: No dangerous decomposition products known.

Revision: 23.09.2019

Trade name: Solare X

(Contd. of page 5)

#### 11 Toxicological Information

· Information on toxicological effects

· Acute toxicity

· LD/LC50 values relevant for classification:

72869-86-4 Urethane Dimethacrylate (UDMA)

*Oral LD50* >5,000 mg/kg (rat female) (*OECD* 401)

- · Primary irritant effect:
- · Skin corrosion/irritation Irritant to skin and mucous membranes.
- · Serious eye damage/irritation Irritating effect.
- Respiratory or skin sensitisation Sensitisation possible through skin contact.
- · Repeated dose toxicity No further relevant information available.
- $\cdot$  CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- No further relevant information available.

### 12 Ecological Information

- · Toxicity
- · Aquatic toxicity:
- 72869-86-4 Urethane Dimethacrylate (UDMA)
- EC50/48h (static) >1.2 mg/l (daphnia magna) (OECD 202)
- · Persistence and degradability No further relevant information available.
- · Behaviour in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- *Mobility in soil* No further relevant information available.
- Additional ecological information:
- · General notes:

Water hazard class 3 (German Regulation) (Self-assessment): extremely hazardous for water Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground.

- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- · Other adverse effects No further relevant information available.

### 13 Disposal considerations

- Waste treatment methods
- · Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packaging:
- Recommendation: Disposal must be made according to official regulations.
- · Recommended cleansing agents: Water, if necessary together with cleansing agents.
