

BACTEX® CONCENTRATE

HOSPITAL GRADE DISINFECTANT

ARTG No: 353333

About Bactex® Concentrate

Bactex® Concentrate is a concentrated quaternary based, pH neutral Hospital Grade Disinfectant. It has excellent cleaning and deodorising properties and can be used as a general purpose cleaner and disinfectant for environmental surfaces. The concentrated surfactant system in Bactex® Concentrate makes it an excellent hard surface cleaner.

Having an efficient cleaning and disinfection program is essential for any business in maintaining a safe environment for their staff and customers. The incorporation of a powerful but mild detergent system will help reach the point of disinfection faster. With the spread of highly infectious diseases, it is more important than ever to properly clean and disinfect common areas.

MICROBIOLOGICALLY TESTED

Bactex® Concentrate is proven to kill:

- Escherichia coli
- Staphylococcus aureus
- Pseudomonas aeruginosa
- Proteus vulgaris
- Coronaviruses including SARS-CoV-2 (COVID-19)

DIRECTIONS FOR USE:

Dilute BACTEX® CONCENTRATE at a rate of 10mL/L with potable water and mix well. Remove organic soiling (blood, sweat, sputum etc.) and clean surface.

For general disinfection

Apply diluted solution to clean surface and allow to dry for 10 minutes.

For Coronaviruses

Dilute BACTEX® CONCENTRATE at a rate of 20mL/L and mix well. Apply to clean surface and allow to dry for 10 minutes.

Hard surface disinfectant only. Not to be used on skin. Not to be used on medical devices or other therapeutic goods.

Make Fresh Solutions Daily.

IDEAL FOR CLEANING

- Food Processing
- Mining Facilities
- Pharmaceutical facilities
- Washroom floors
- Showers
- Any areas where disinfection is a high priority

SAFETY DATA: Information is listed in the Safety Data Sheet.

HEALTH AND SAFETY STATEMENT:

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

ENVIRONMENTAL STATEMENT:

Whiteley manufactures products that comply with Australian and International environmental policies. Whiteley aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley Industrial products are supplied in 100% recyclable containers.

Whiteley and its staff are fully committed to ensuring that our Australian environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
