

Dermalux

CLEANSING WIPES

For Everyday Use

Insist on Whiteley Medical when ordering your Skin Care products

Dermalux Cleansing Wipes are gentle on skin, and contain natural emollients leaving skin feeling fresh and invigorated. They are a single use wipe designed for everyday use. One wipe should be used for each patient area i.e. face, hands, back and perineal area.

Key Benefits

1. For the Resident/Patient

- Contains Aloe Vera to soothe and moisturise the skin
- pH-balanced
- Gentle on skin – alcohol, paraben and soap free
- Lightly fragranced – leaving the skin feeling fresh and clean
- No rinsing required

2. For the Carer/Healthcare Provider

- Large soft and strong wipe – 23 x 30cm
- Single-use wet wipes minimise the risk of cross infection
- Resealable lid prevents the wipes drying out
- Cost effective alternative to wash cloths
- Convenient and easy to use packaging

3. For the Environment

- 100% Biodegradable*
- Chlorine Free
- Made from sustainable bamboo

About Bamboo

- Bamboo grows quickly, requiring few farming inputs and no pesticides.
- It produces natural and eco-friendly fibre without any chemical additives.
- More importantly, bamboo fibre is a unique biodegradable textile material.
- As a natural cellulose fibre, bamboo fabric can be 100% biodegraded in soil by micro-organisms and sunlight.
- A natural, green and eco-friendly new-type textile material

*Suitable for disposal in landfill. Do not dispose in sewage system.
